

## Module 2: Medications, Reproductive Health, Exercise, and Sleep

[INTROM2] In this set of questions, we ask about a few topics that affect your health. These topics include your current and past use of medications, your physical activity (including exercise), and your sleep habits.

[DISPLAY IF (SEX = 0) OR SEX2= 5 or 6]): We also ask some questions about your reproductive health. These questions will focus mainly on your menstrual periods, pregnancies, and if you have used any hormonal medications.

### Medications [SECTION 1]

First, we will ask you about your current and past use of different medications. This information will help us understand your medical history and current health status.

When we ask you to give an exact amount of pills, please make your best guess if you are not sure. If you take half a pill, please count this as one pill.

#### [PAINREL1] Pain Relievers

1. Have you ever taken any of these medications at least **4 times a month for 6 months or longer?**  
Select all that apply.

## Reproductive Health [SECTION 2]

In the next set of questions, we ask about your reproductive health. Remember, we protect your privacy. We remove information that can identify you from your survey answers before we share them with researchers.

**[DISPLAY INTROWH, MENTRUAL HEALTH HISTORY, PREGNANCIES, FERTILITY, HORMONE MEDS/CONTRACEPTIVE DEVICES, HORMONE THERAPY IF (SEX = 0) OR SEX2= 5 OR 6) ELSE, GO TO TESTTHER]**

[INTROWH] This section asks about your menstrual history, past or current pregnancies, and your use of hormone medications.

When we ask you to give an exact date, age, or number, please make your best guess if you are not sure.

### **[INTROMENSHIS] Menstrual Health History**

First, we ask you some questions about your first menstrual period and your menstrual cycle shortly after you started your first menstrual period. If you were using hormonal medication or device during this time, we are interested in your cycle length **before** you used the hormonal medication or device.

34. [MENSHIS\_SRC] How old were you when you had your **first** menstrual period? Please make your best guess if you are not sure.

|\_\_|\_\_| Age

44 I have never had a menstrual period → **GO TO INTROMENSHIS2**

[INTROMENSHIS2] In the next set of questions we ask about your menstrual experience in the **past 12 months**. Please answer these questions to the best of your ability. The combination of responses that you provide will help researchers better understand your menstrual health and experience.

38. [MENSIS9] In the **past 12 months** have you experienced any of the following? **Check all that apply.**

- 0 Bleeding or spotting in between periods
- 1 Bleeding or spotting after sex
- 2 Heavy bleeding during your period

## Physical Activity [SECTION 3]

Next, we will ask you about different types of physical activities. We are interested in activities that you do during a usual day, including at work or around the house. We are also interested in activities that you do specifically for exercise or for fun.

Many of the questions in this section ask you to share the amount of time you spend doing specific activities. If you are not sure of the exact amount of time, please make your best guess.
