# [INTROM4] Module 4: Where You Live and Work

The questions in this section are about places where you have lived and worked. Where we live and our daily commute to and from our homes, work, and school can affect our health in a number of ways.

## [INTRORH] Residential History

The next questions ask about where you live now and where you have lived in the past. The first questions are about the home(s) where you live most of the time. Questions about seasonal and vacation homes are at the end of this section. It is important that you share exact addresses, if possible. If you cannot remember your full address, please share as much information as you can. You can enter up to 11 home addresses and 10 seasonal and vacation home addresses.

You can include rural routes (RR) in your answers, but please do **not** include post office (PO) boxes.

# [INTROSH] Seasonal Homes

We are interested in the time you have spent in seasonal or vacation homes. We want to know about any homes where you have spent at least 24 months in the past 20 years (that is, since [CURRENT YEAR – 20]). Living somewhere for a few months each year counts if the total time you have spent there adds up to at least 24 months. You can enter up to 10 addresses in this section.
